

# MANAGING YOUR FARM BUSINESS

A free program in Strathalbyn and Milang that looks at the business of running a farm, looking at current circumstances and supporting people as they plan for the future of their farms.

## WEATHERING THE JOURNEY

The program includes three workshops and an on-farm visit:

### WORKSHOP 1

#### Where are we?

This includes who are your customers, what resources are available, what's possible for the business and productive family meetings.

### WORKSHOP 2

#### Where do we want to go, and how do we get there?

This considers strategy, decision making and ranking risk management, project budgeting and developing a strategic action plan.

### WORKSHOP 3

#### Monitoring and evaluating family plans.

This looks at monitoring a strategic action plan, levers of profitability, yearly reviews and presenting your plans.
